## **DETAILED ACTION**

### ***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 20-21 are rejected under 35 U.S.C. 102(e) as being anticipated by Naganuma (U.S. Patent No. 6,554,502). Naganuma teaches a shutter device comprising a shutter blade 3b; a guide unit 12S for guiding a portion of the shutter blade in a direction transverse to a path of movement of said blade at a location where the shutter blade is temporarily stopped or finishes the movement of the shutter blade (col. 9, line 30); and an absorbing member 3d positioned to abut the shutter blade portion when the shutter blade is guided by said guide unit. The applicant is directed to review figure 1 as well as col. 9, lines 22-33. Figure 8 depicts that the shutter device is a lens shutter device.

### ***Allowable Subject Matter***

Claims 14-19 and 35-37 are allowed.

*Response to Arguments*

Applicant's arguments with respect to claims 20-21 have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
